## ISTEP+ testing

If at all possible please have your child's appointments scheduled for after school during this time. The testing schedule is through out the day and we are not able to interrupt classes to call students down. We want the students to have the best opportunity to test successfully.

- Make sure your student is at school and on time during ISTEP+ week
- Make sure your student gets plenty of rest and eats a nutritious breakfast
- Let them know that the test is important and you want them to do their best / no pressure

Thank you in advance for helping to prepare your student so they are excited and well rested to do their personal best on ISTEP+.

## For Your Child's Safety

It is important that your child knows his or her after school plans ( walking straight home, going to Boys and Girls Club). To minimize disruption to the classroom learning environment, we ask that you communicate your child's after school plan before he or she leaves home in the morning.

## Mission Statement

**LaSalle students will be academically and socially proficient and prepared for the future.**

## Bikes at School

1. Bikes must be walked on school grounds, including the sidewalks around the school and the playground.
2. Bikes must be parked correctly in the bike rack and locked individually.
3. Students who do not follow #1 and #2 and general bike safety will be banned from bringing a bike to school for the rest of the school year.
